

website page shall include:

- a. These Interconnection Procedures and attachments in an electronically searchable format,
 - b. The Utility's interconnection Application forms in a format that allows for electronic entry of data,
 - c. The Utility's interconnection agreements, and
 - d. The Utility's point of contact for submission of interconnection Applications including email and phone number.
3. Each Utility shall allow electronic signatures to be used for interconnection Applications.³³

B. Dispute Resolution

1. For a dispute related to these rules, either Party may submit a written request to the other Party for an informal meeting by phone, electronic media, or in person to attempt to resolve the dispute. Following such a request, each Party shall make available a person with authority to resolve the dispute. A meeting shall be scheduled for at least one hour, but may be shorter at the option of the Party requesting the meeting. The meeting shall take place at a time and in a manner agreeable to the Party receiving the request within three (3) Business Days of the Party's receipt of the request for a meeting. If a dispute involves technical issues, persons with sufficient technical expertise and familiarity with the issue in dispute from each Party shall attend the informal meeting.
2. If an informal meeting of the Parties does not resolve a dispute, the Parties may mutually agree to further discussions or either Party may seek resolution of the dispute through the complaint or mediation procedures available at the Commission. Dispute resolution at the Commission will be initially conducted in an informal, expeditious manner to reach resolution with minimal costs and delay. If no resolution is reached after informal discussions, either Party may file a formal complaint with the Commission.

C. Utility Reporting Requirement

which has a hyperlink to a subpage for customer-sited generation, which has a hyperlink to these procedures.

³³ Electronic signatures are generally recognized in commercial activities, and 47 states have adopted the substance of the Uniform Electronic Transaction Act (UETA), a model act developed by the National Conference of Commissioners on Uniform State Laws.
