

~~The Small Facility and any associated infrastructure must be completely contained within a state or federally permitted parcel (such as a Colorado Oil and Gas Conservation Commission (COGCC) approved oil/gas well pad) in which reclamation and revegetation are secured with the permitting agency (Permitted Site); and,~~

~~The Small Facility is located at the Permitted Site for less than a cumulative of one (1) year and at the end of the utilization period, all structures, foundations and associated infrastructure are completely removed; and,~~

- ~~1. The Small Facility shall have an occupancy of eight (8) or fewer people who are employees, contractors or sub-contractors of the operator of the small facility and are needed for onsite safety of the related commercial, industrial, extraction or highway operation.~~

Solar Access. The ability to receive sunlight across real property.

Solar Energy Device. A device which converts the sun's radiant energy into thermal, chemical, mechanical, or electric energy.

~~**Solar Energy System.** A system composed of a solar energy collector, an energy storage facility, and components for the distribution of transformed energy, which may be attached to a residence or other structures.~~

~~**Solar Power Generating System, Small.** A device and/or system that covers an area less than 1 acre, which converts the sun's radiant energy into thermal, chemical, mechanical, or electrical energy, excluding systems accessory to residential units. Such facilities are intended to create electricity to be delivered to a variety of consumers beyond the facility and are not constructed specifically for, or accessory to, the principal use of the subject property.~~

~~Solar Power Generating System, Large. A device and/or system that is ground mounted or covers an area greater than 1 acre, which converts the sun's radiant energy into thermal, chemical, mechanical, or electric energy.~~

Solid Waste. Any garbage, refuse, sludge from a waste treatment plant, water supply treatment plant, air pollution control facility, or other discarded material; including solid, liquid, semisolid, or contained gaseous material resulting from industrial operations, commercial operations or community activities. "Solid waste" does not include any solid or dissolved materials in domestic sewage, or agricultural wastes, or solid or dissolved materials in irrigation return flows, or industrial discharges which are point sources subject to permits under the provisions of the "Colorado Water Quality Control Act", Title 25, Article 8, CRS or materials handled at facilities licensed pursuant to the provisions on "Radiation Control Act" in Title 25, Article 11, CRS. "Solid waste" does not include. (a) Materials handled at facilities licensed pursuant to the provisions on radiation control in Article 11 of Title 25, C.R.S.; or (b) Excluded scrap metal that is being recycled; or (c) Shredded circuit boards that are being recycled.
